

Casper Taylor is Confused About Gun Control!

SB 211 “The Responsible Gun Safety Act” had very little to do with safety, it was really all about **gun control**. In fact, SB 211 was so restrictive that the Senate Judicial Committee refused to approve it. Senate President Mike Miller violated the Senate Rules to bypass the Judicial Committee and pass the bill.

Mike Miller praised Cas Taylor at the SB 211 signing ceremony: “You know in urban areas it can be easier to vote for **gun control**, but in rural areas it can be a little bit tougher, but you can still vote for **gun control**. But in places like Western Maryland, like Southern Maryland, like the Eastern Shore, there are some people who stand out and the person I’m going to

introduce is the leader of the House of Delegates, the Speaker of the House of Delegates, without whose help this **gun control** bill could not have been made possible, Casper Taylor.” Miller knows **gun control** and so does Cas Taylor.

So why was Cas Taylor smiling when Glendening signed SB 211 into law?

Because he thought the voters would forget what he did.

Because he pleased his masters by supporting still more **gun control**.

Because he hoped that he could trade our rights for personal political gain.

What does a ballistics fingerprint program have to do with safety?

Ask Cas Taylor, perhaps he can also explain the 5 million dollar price tag.

Why does Cas Taylor now claim that SB 211 was a gun safety bill?

Because Cas knew that SB 211 was a **gun control** bill and he still voted for it.
