* Democrat disguised as a Republican

We Democrats think some long guns are really scary even if they aren't used in crime. So, we plan to ban them, but we are not after your deer rifle or shotgun!

Trust us!

We're only going after long guns that look really scary! That will be good enough until your sniper rifles scare us in a year or two.

No Maryland cops have been killed by these guns either ... but we don't have to worry about reality ... we can scare people!

We're the Democrats!
